Yes

No

I don't know

5. Do you think that direct school involvement is a good point? Explain why (not)? Смятате ли, че участието на училището в проекта е полезно? *

- Yes, because students keep motivated
- Yes, because it is good for developing students social skills
- Yes, because it will improve English language competences
- Yes, because the school image will be improved
- No
- other

6. What are your suggestions for the project school team?

I think that the school should continue with all kinds of projects. It does not matter what kind of abilities do they improve. The students will be kept around the school, in the education and will use the technologies to make something, not only to stare at youtube or other useless sites.

Thank you for your contribution!
